

Cardiff,
West Glamorgan.

I am writing to tell you what
I Really Saw. In 1992 me and
my 2 friends were in a town
called Witchurch Cardiff, we were
parked up for about an hour got
out of the Datsun Cherry car walked
around the corner 3 mins away
no sound listening 4 sounds because
we were up to no good. Went
back to the car it was gone me
and my 2 mates who can confirm this true
story I am telling. The car had gone
the day in back seats gone and
my tent, as we were all baffled
by what was happening all of us were
in dis-belief where does the car go
no sound just round corner 3 mins and gone
vanished. Walked down a long Road
and all 3 saw which I said look boys
what the fuck is that. in-dis-belief

Pto.

I said look pink Flamingos flying south
for summer, they ~~kept~~ giggling me mate

Said their fire flies I giggled
my other mate said nothing - with my mate

There were about 12-15 flying objects
in the sky they were in formation
of a triangle. I hear no sounds we
see them cross past us about 1 mins
then disappeared we were got smacked
then we all walked home to St Mellons
